KENOSHA AND RACINE COUNTY ASSOCIATION MEETING

A meeting that promises to mean much for the breeding of pure bred Holstein cattle in southeastern Wisconsin was held at Burlington, Wis., Saturday, Nov. 13th. It was the annual meeting of the Kenosha and Racine County Holstein-Friesian Breeders' Association, organized a little over a year ago. Plans were discussed whereby the Association will take a more active part in developing the breed, list stock for sale with the secretary, and start an advertising campaign to make this section known as a Holstein center. The Association now has 39 active members, one of the provisions of the by-laws being that every member use a pure bred sire.

Assemblyman D. J. Vincent of Kenosha county, who is president of the Association, called the meeting to order. In his address he told of the many values of co-operation and advertising. He strongly advocated getting your neighbor interested in pure bred Holsteins, presenting him with a sire if necessary, to get him started. Every herd of pure bred cattle increases the value of farm land in the country. He advocated the Association advertising in farm papers.

Following his remarks there was a general discussion on consignment sales, advertising pamphlets, farm magazine advertising, etc. It seemed to be the opinion of the meeting that farm advertising was the best and a committee comprising C. Roy McCanna, Burlington, Wm. Klofanda, Racine, and Frank Holt, Pleasant Prairie, was appointed and given power to act.

The following officers were elected:
President—D. J. Vincent, Wilmot.
Vice Pres.—A. P. Nelson, Racine.
Secretary—J. P. Torrey, Kenosha.
Treasurer—Alva Paddock, Salem.

Following the meeting the members accepted an invitation from C. Roy McCanna to inspect the 100 head of Holsteins at his famous Edgewood farm, adjoining the city limits.

Oh, the old days! How the fragrance of them still lingers in my heart! The spring with its sugar-making and the general awakening about the farm, the returning birds, the summer with its wild berries, its haying, its cool, fragrant woods; the fall with its nuts, its game, the winter with its school, its sport on ice and snow, its apple-bins in the cellar, its long nights by the fireside, its voice of fox-hounds on the mountains, its sound of flails in the barn—how much I still dream about these things!
